SPECIFICATIONS

Fence height	115mm
Weight (for 3m table)	120kg
Material feed	Left or right option
Servo motor	180VDC, 10amp continuous
Power requirement	5amp, 240V, 1 phase

USED FOR

The Rapid Stop Simple is designed to provide an automated and accurate method of measuring.

GREAT FOR

Measuring timber and other material - including aluminium - that requires accurate measuring prior to cutting.

FEATURES

- Simple automation eliminates manual measuring
- Stop sets the position from the saw for the material to be cut or marked
- Accepts text lists of measurements via USB and Bluetooth
- Allows for user input as required

OPTIONS

- Tables available in 3m, 6m, 9m, and 12m lengths
Customisable lengths also available upon request
- Can pair table with several different saws/hog nailers
Contact Spida Machinery for further connection possibilities
- Also available as roller table
